SHINE BRIGHTER **2018-2019**

WHY OUR STUDENTS **CHOOSE UCI**

“I chose UCI because it’s in California and a great area for technology. The teachers not only have the technical background, but they have the industry background too. The internship is a great opportunity to have a foot in the door for the American job market. Without this program, I wouldn’t be here right now in a manager position in a global company in engineering.”

MINH THAO CHAN | France
*ACP International Finance
Internship at MSC Software*

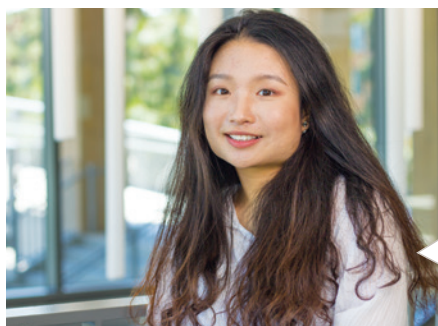

“I couldn’t imagine living here and being successful in any kind of work if I hadn’t attended UCI. They taught me everything, such as the way Americans do business—believe me, it’s different than in Brazil!”

CECILIA CASTRO DE ANDRADE | Brazil
*Business English
ACP International Business Operations & Management and ACP Marketing
Internship at Quiksilver
Owner, Havaianas, Huntington Beach, CA*

“If you are looking for a good institution where you can get your English proficiency and even a chance to further your studies, UCI is the best place for you. When I came, I took the IELTS test and had a very low score . . . but I just finished with the highest IELTS score after studying at UCI. I’ve been admitted to a university with a full scholarship to study my master’s in the field of Health Informatics.”

ABDULAZIZ ALAQEEL | Saudi Arabia
Intensive ESL

“I really wanted to pursue a college degree in the U.S., but I didn’t have the SAT or the TOEFL score. This is a good program to prepare for the test and improve language proficiency. Even things like email etiquette or American idioms, the curriculum takes care of that, and I always felt supported by my instructors.”

LING CHEN | China
International Undergraduate Preparation Program (IUPP)
